“Partners in Excellence”

Greetings from GAAHBSU’s Executive Committee Chairman

Greetings Alumni, Friends, and Supporters,

Welcome to GAAHBSU’s 37th Annual Legislative Conference. Due to the pandemic and other Covid related issues, our conference, once again, is being held **“Virtually”**! This annual gathering of alumni of Albany State, Fort Valley State, and Savannah State Universities provides a forum for alumni, university officials, and other key stakeholders to engage in effective dialogue on those key issues facing our institutions. Remember, GAAHBSU’s purpose is to advocate for and seek to advance the mission of these three institutions. Our efforts are also intended to help enhance their image and ensure their survival. We have chosen as this year’s theme, **“Partners in Excellence”**! We believe this theme is very appropriate since our future is largely dependent upon the collective efforts of all of us in moving these institutions forward. In today’s economic environment, the challenges our three institutions face are numerous and it’s incumbent upon all of us to do our part in helping them meet those challenges! As Alumni, we must continue to play that most important role of supporting these institutions with our time, our talent, and our financial resources. Your financial support of these three institutions is critical. We’ve been able to count on you in the past and I know we will be able to do so in the future.

Again, I want to congratulate this year’s Planning Committee for an outstanding job in putting this **“Virtual”** Conference and Program Agenda together. However, as always, the success of this conference is largely dependent upon your participation, your ideas, and your input. Thanks again **for your participation and most of all, your continued support of GAAHBSU and our three institutions.**

Sincerely,

Greg Hylick

Greg Hylick, Chairman

37th Annual Legislative Conference

“Partners in Excellence”

GAAHBSU Legislative Conference Overview

Through the course of history, Albany State, Fort Valley State, and Savannah State Universities' alumni and other supporters have met to ensure the continued existence, growth, and advancement of these three unique higher educational institutions.

As early as 1982, three alumni David Gibson (ASU), Thomas Dortch (FVSU), and Roy L. Jackson collaborated to create a mechanism to foster a collective effort to generate support for the three-state historically black institutions. That mechanism evolved into the organization “Tri College Alumni Group”. The purpose of the group was to bring alumni from each institution together in January as a unified group for an Annual Legislative Conference during the Georgia General Assembly.

In January 1986, the name was changed to **“Georgia Alumni Association of Black State Colleges.”** In 1997 the name changed again to **“Georgia Alumni Association of Black State Universities”**. In 2009 the name was officially changed to **“Georgia Alumni Association of Historically Black State Universities (GAAHBSU)”** to reflect the unique distinction of the three universities. The association continues to convene its Annual Legislative Conference during the Georgia General Assembly to fulfill the purpose for which it was founded.

GAAHBSU Purpose

GAAHBSU is a consortium of the National Alumni Associations of Albany State, Fort Valley State, and Savannah State Universities. GAAHBSU was established to advance the mission, enhance the image, and help ensure the future of these universities. The association represents more than 60,000 graduates worldwide, with some 45,000 residing in Georgia.

The Annual GAAHBSU Legislative Conference provides a forum for alumni, university officials, state policymakers, and other key state leaders to engage in effective dialogue, assess needs and develop and implement strategies that will assure the continued growth and equitable enhancement of Albany State, Fort Valley State and Savannah State Universities within the University System of Georgia.

Paul A. Jones, Ph.D.

President of Fort Valley State University

Paul A. Jones is the 10th president of Fort Valley State University. Recognized for being a visionary leader and strategic thinker with nearly 35 years of higher education experience, President Paul Jones was appointed to take Fort Valley State's helm in December 2015 following a career that included leadership positions in Georgia, Colorado, Maryland, and Utah.

Dr. Jones, an astute and affable administrator, is committed to the transformative power of higher education. He has spent the last several years advancing FVSU's standing as one of the nation's most respected institutions of higher learning, including its consistent ranking as the top public historically black college and university (HBCU) in Georgia by U.S. News and World Reports.

Before joining FVSU, President Jones served two years as interim president at Darton State College (2013-2015) in Albany, Georgia. Throughout his higher education career, he served in numerous senior leadership roles at Georgia College & State University (2002-2013), including senior vice president for finance and administration, vice president and chief of staff, vice president for institutional research and enrollment management, and several interim roles including interim vice president of academic affairs and president. President Jones was also a Professor of Educational Administration at Georgia College.

In 2019, President Jones established a university-wide steering committee to begin an inclusive and collaborative comprehensive strategic planning process to chart the University's next five years. This 2020-2025 plan, *Unleashing 21st Century Innovation, Transformation, and Excellence*, is currently in the implementation phase and will focus on four priorities: Exceptional Student Experience, Operational Excellence, Organizational Identity, and Engagement and Collaboration.

During President Jones's stabilizing tenure at FVSU, he expanded the academic offerings on the campus and online, bolstered innovative programs focused on student success, and renovated and modernized aging campus structures. He also has increased retention and graduation rates, and FVSU experienced its highest enrollment since fall 2013.

During his investiture, President Jones launched a needs-based campaign to support students. Since its establishment, the program has dramatically increased funding for need-based aid. During this same period, FVSU also experienced consecutive years of increased fundraising and new donors. Under his leadership, several renovation and construction projects have also been completed or are underway, including the Junia J. GAAHBSU, WE SALUTE YOU ON YOUR 37th ANNUAL LEGISLATIVE CONFERENCE!

**We thank you for your continued efforts
over the past 36 years in making an
impact on our State Legislators!**

**Without your influence our existence
conceivably would have been invalid!**

**For the future of those who will matriculate in
the Halls of Wisdom, at FVSU, please open the
doors and eyes of our Legislators a bit more.**

**Please notify our State Legislators that FVSU
Students, now and in the future, require more
funds if we are to grow into what destiny
dictates.**

**Continue to drive the point that our "Educational
Quality" is one of the lowest priced in the United
States! And it would be great that an awareness
be made of our outstanding "CDEP Program", that
our Alumni reside in America's upper echelons of
Corporate America, State & Federal Government
positions across this country, and we have
Entrepreneurs over the World!**

Again, GAAHBSU you are what we depend upon!

A UNIQUE WINE EXPERIENCE

Whether you're hosting a party, celebrating success, or relaxing after a long day Blount Wine Therapy has a wine for you! Ericka Blount is an entrepreneur, educator, and community activist from Savannah, Georgia. She currently serves as a counselor and youth advocate for underserved students with behavior challenges in Texas. Most of her students desire to become entrepreneurs, because of this Ericka had the idea of inaugurating an in-house entrepreneurial program for the students. Educating the importance of envisioning, to transform those ideas into reality by developing business philosophies to go from planning to sales. Eventually, she found herself lengthening the resources intended for students to cultivate her business.

Blount Wines are authentic Italian wines and free of all preservatives. Our wines are one of an unparalleled market. Specializing in holistic wines that are not only enjoyable to the distinguished palate but also provide various health benefits. Most of the 32 flavors sold by Blount Wine Therapy are infused with honey, elderberry, peaches, grapefruit and more.
